

# WetVac *WV570, WVD570, WV900, WVD900*

The mid range EcoWet 570 and 900 designs are classics in every respect both in design and manufacture.

EcoWets have now been raised to our full 38mm (1½") standard, providing performance enhancements allowing single motor models to perform to improved standards. Both models use complete Structofoam construction, an exceptionally tough compound that doesn't dent, scratch or deteriorate and yet it is lightweight and resists all standard cleaning chemicals.
