Reboot™

DEEP SCRUB CLEANER

Reboot is a floor cleaner designed specifically for use in deep scrub applications where the removal of 1-4 coats of finish is intended.

DIRECTIONS

Read all directions and Safety Data Sheets (SDS) before using.

1. Mix product with water according to the following dilution: For deep scrub applications where the removal of 1–2 coats is desired: 1:64 2 US oz per gal water (16 ml per 1 liter water).
For deep scrub applications where the removal of 3–4 coats is desired: 1:32 4 US oz per gal water (31 ml per 1 liter water).
2. Use an automatic scrubber with green or blue deep scrub pads to achieve the desired results.
