

The one for all

CROSS SWEEP 650

The universal Cross Sweep 650 from Stolzenberg can do it! Thanks to its powerful 24 V-motor and maintenance-free AGM-batteries, front-sweeping (e.g. of leaves and sand), pick-up overthrow-sweeping (e.g. debris, paper, sand, leaves) into the large 50 ltr. debris container, cleans grooves and uneven surfaces and can be stored in a space saving matter. We have reinvented sweeping! Suitable use e.g.: on walkways, public areas, parking lots, storage areas, production-facilities, gas stations etc.

TECHNICAL SPECIFICATIONS

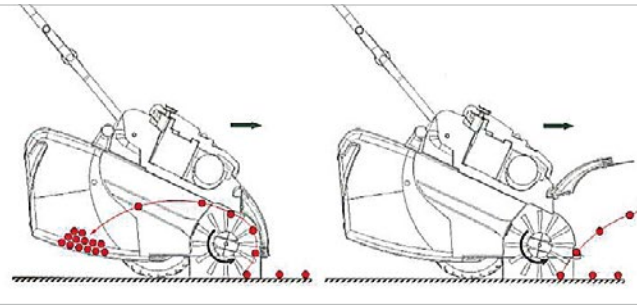

CROSS SWEEP 650

up to 1500 m²

- + Throw sweep mode or free sweep mode
- + Electric sweeper
- + 24 V battery drive
- + Deep discharge protection
- + LED contact pressure display
- + For uneven surfaces
- + Compact to store

TECHNICAL SPECIFICATIONS

Power supply / engine	24 V, 200 W, 2 x 12 V à 12-Ah-battery
Sweeping system	Overthrow- and free-sweeping method
Sweeping path	
· without side broom (mm)	400
· with 1 side broom (mm)	650
Power transmission	cam belt / direct
Theor. sweeping performance (m ² /h)	2275
Dirtcollectorvolume (l)	50
Autonomy (h)	1
Automatic main broom drive	yes
Dimensions LxWxH (mm)	700x600x480
Weight (incl. battery) (kg)	28,6

Overthrow method

Free-sweeping method
