Foot spray operation

The Henry Spraymop combines all the real advantages of Microfibre floor mops and can be used dry or wet, with or without cleaning agents or disinfectant. Our onboard liquid dispenser, foot or hand operated, ensures that the mop head can be maintained in a damp condition at all times allowing larger surfaces to be thoroughly cleaned without the use of a bucket.

In this day and age there is a vast range of hard floor surfaces: quarry tiles, PVC tiles, linoleum and now a vast range of laminate surfaces all of which need a fast and friendly means of

Cleans like no Henry has cleaned before.

Standard Retention Microfibre

Plush Deep Clean Microfibre

maintenance. A good floor needs to be clean and look clean, on that I think we can all agree!

The Henry Spraymop is like Henry himself, born of the professional market, used extensively for spot cleaning and maintenance in hotels, restaurants, shops and offices and the like, where cleanliness and looking well cared for is all important!

genuinely floor maintenance taken into the 21st century with a single leap. With a full 40cm cleaning width and a choice of Microfibre heads you will never look back ... and floors will never look better.
