

NuKeeper Professional *Universal NKU Series*

Designed in every way for demanding hotel cleaning regimes, tackling narrow corridors, heavy loads and the pressures of time sensitive public-space day cleaning... the NuKeeper Universal.

Six NuKeeper Universal (NKU) models provide complete choice for the user. The time tested Flexi-Front (FF) design offers simplicity and ease of access. Bi-Fold Hard-Front (HF) models provide public-space security whilst not comprising storage access for the user. All models are equipped with All-Terrain (AT) soft ride castors, gliding over heavy-pile carpets even when carrying the heaviest of loads. Select from the heavy-duty removable laundry bag options to suit your particular needs.

Universal by name, Universal by nature... turn to page 40 for a choice of accessory kits with over 1000 trolley configurations.

A complete range of accessory kits provide the specification you need with no compromise.

With the NuKeeper Universal base unit selected the user can now consider each requirement of their particular cleaning schedule. Tray kits provide a multiple of storage choices and are easily removable for replenishment of consumables. Each Hood Kit has its own merits with open, lidded and secure lockable options. Adding an end kit can further increase the versatility of each trolley including the option of adding a mopping system or vacuum platform.
