CARPET CLEANING PRODUCT OVERVIEW

A Carpet Cleaners dream come true!

Take Carpet Cleaning to the next level with our NEW range of specialised carpet cleaning solutions from AGAR.

Our new range of highly effective carpet cleaning products enhance your results on any carpet. These products, along with detailed user guides, offer the best cleaning outcomes for a wide range of carpet soiling's and stains. The superior concentrated formulations have been designed and improved over many years to give you a range of products you can trust to get the job done right for the best value. Whether you're a carpet cleaning professional or just do the odd spot clean, we have the products and the know-how to help.

Get Results

- Clean faster with high performance products
- Impress with a brilliant clean and professional finish
- Improve hygiene, prevent cross-contamination
- Field tested and proven for reliable results
- Minimise environmental impact with the GECA licenced range

Save Time

- Boost output with high performance chemicals
- Formulated to work quickly to save you time and money
- Get the job done right the first time – no re-application!

Reduce Expenses

- Ultra-concentrated chemicals go a long way!
- Enhance your profits with lower periodic costs
- Minimise wastage and product misuse

Improve Safety

- Proactive and consistent service
- Full range of compliance support materials
- Formulations designed to be gentler on users
- Colour Coded Cleaning System makes cleaning simpler & safer

Benefits of using Agar Cleaning Systems

- Extensive range of products available to tackle any stain
- Chemicals to suit different cleaning methods
- 50 years experience manufacturing high quality, value for money cleaning products
- Full compliance documentation available
- Consistent supply and reliable delivery
- Colour Coded Cleaning Systems
- The range includes stain removers, pre-sprays, Hot Water Extraction (HWE) formulations, treatments and upholstery care products to provide a solution for every task.

Make sure you talk to us about our full range of carpet cleaning products and equipment from commercial and industrial vacuums to heavy duty industrial carpet cleaning machines and accessories!

Call our friendly and knowledgeable team to find out more about the AGAR range today!

The 7 Steps to Carpet Cleaning Success

1

Preclean

Vacuum carpet to remove all loose debris. This is best done with an upright vacuum or vacuum with a power brush.

2

Apply Treatment to Stains

Find any stains or isolated soiling and treat with appropriate chemicals. Extract with spotter or box extractor.

3

Pre-Spray Main Carpet Areas

Using spraying equipment, apply pre-spray chemical to main carpet areas.

4

Rinse With Water Elevated Temperature

The best way to apply hot water is using a hot water heat exchanger on your carpet machine.

5

Agitate Carpet with Power Brush

Power brush agitation dislodges dirt from the base of carpet fibers which will have been partially dislodged by the hot water.

6

Extract

Chemical, water and dirt is now soluble and can be sucked up together into the recovery tank of the carpet machine.

7

Facilitate Carpet Drying

Airflow is now needed to speed up the drying process. This is best done by opening windows, doors and utilizing carpet blowers to create strong airflow for water to evaporate.

Carpet Cleaning Chemicals

PRE-SPRAYING & HOT WATER EXTRACTION FORMULATIONS

AMAZON G5

Amazon G5 is a concentrated powder detergent for carpet cleaning with hot water extraction machines. It has a very powerful cleaning action that gives brilliant results even on the most heavily-soiled carpets. Amazon G5 cleans carpets faster and achieves better results with its high-performance formula.

Pack Size: 10 Litre

CITRUS EXTRA

Biodegradable, phosphate-free with natural citrus-based ingredients, Citrus Extra is a new-generation pre-spray liquid detergent for HWE carpet cleaning, in compliance with AS 3773. It is safe for general purpose use. The Citrus Extra solution is applied direct to the carpet while only water is used in the solution tank. Citrus Extra is low alkaline, low-foaming and free rinsing.

Pack Size: 5 Litre

EXIT

Exit liquid detergent is formulated for use in the tank of HWE carpet cleaning equipment. With a concentrated, fast-acting blend of surfactants and controlled pH, Exit provides safe, effective cleaning. The popular, lingering perfume leaves a great impression.

Pack Size: 5 Litre

ENCAPSULATION CLEANER

CAP-IT-OFF

An encapsulation cleaner that can be used on all types of carpet and fabric upholstery. The latest technology has gone into making Cap-It-Off; this product dissolves and encapsulates soil so that it never re-deposits on the carpet fibres. The used solution dries to a crystalline residue which is easily removed from the fibres when vacuuming. It is fast reacting and ideal for use on busy commercial carpeted floors where the time and labour available for cleaning is limited.

Pack Size: 5 Litre

TREATMENTS

NEUTRALIZER

Neutralizer is a powerful solution for neutralizing alkaline residues in carpets and hard floors to return the pH level to an acceptable, neutral value. It is also a great browning treatment for removing cellulosic browning stains caused by overwetting, flooding or alkaline reactions in carpets or upholstery.

Pack Size: 5 Litre

PROTECTOR

A high-quality water-based fabric protector, based on fluoro-polymer technology. Suitable for fabric upholstery, drapes, rugs and carpet. Protector forms an invisible barrier to soil and stain penetration around the fibres. Spillages clean up easily and the fabric stays cleaner and brighter for longer.

Pack Size: 5 Litre

SPOTTERS & STAIN REMOVERS

AMSOLVE

A super effective stain remover for hard to shift spots and spills caused by orange juice, soft drinks, wine, blood and protein-based foodstuffs such as milk, egg, ice-cream and chocolate. Amsolve is also excellent for cleaning and restoring rundown, traffic soiled synthetic fibre carpets.

Pack Size: 5 Litre

COFFEE STAIN REMOVER A & B

Super-powerful 2-part peroxide based product for attacking stubborn coffee and red wine stains.

Pack Size: 500ml

COSMEX

Suitable for removing adhesive tape marks, cosmetics, lipstick, mascara, nail polish and some types of ink stains from carpet, fabrics and hard surfaces.

Pack Size: 5 Litre

CURE

A highly effective stain remover for those stubborn cordial, fruit juice, pet and urine stains.

Pack Size: 500ml

G-SOLVE

G-Solve's breakthrough formula provides an excellent general cleaning solvent and carpet spotter that has the power to dissolve adhesives, grease and some kinds of ink while remaining non-flammable.

Pack Size: 500ml

SPOT WIZ

Versatile, effective general purpose carpet spotter with citrus-based ingredients. Pre-packed in ready to use spray packs. Spot Wiz is ideal for distribution to all cleaners for immediate use on spots and spills. Also ideal for household use.

Pack Size: 750ml & 5 Litre

DEFOAMING AGENT

ANITFOAM

A super concentrated silicone defoaming agent. Add a few drops to your recovery tank to prevent foam from reducing valuable capacity and ruining vacuum motors.

Pack Size: 5 Litre

Spot Remover Guide

	Amsolve	Coffee Stain A&B	Cosmex	Cure	G-Solve (ALWAYS RINSE WITH WATER AFTERWARDS)	Spot-Wiz	Citrus Extra	Neutraliser	
Acids	1
