e-Laundry Detergent

Plant-based laundry detergent

Enzyme Performance

Organic Soil Removal

Fibre Care

No Greying

e-Laundry Detergent (Bio) is an eco-friendlier commercial and domestic laundry liquid utilising plant-based active ingredients. Its one-shot formula incorporates a powerful surfactant and alkali builder system, enhanced with enzymes and anti-re-deposition agents. e-Laundry Detergent (Bio) works great in both front and top loading washing machines.

- **Environmentally Friendlier:** Based on innovative biodegradable and plant-based cleaning agents
- **Super Concentrate:** It's high quality, super-concentrate formula provides efficient and economical results.
- **Enzyme Performance:** Enzyme-enhanced detergent action breaks down tough protein and organic soiling.
- **Organic Soil Removal:** It's unique enzyme, bio-detergent blend provides maximum removal of organic stains and odours.
- **Fibre Care:** contains specialty fibre care agents which not only promote soil release but also leave the fibre free of damaging and abrasive encrustations.
- **No Greying:** Sophisticated anti-redeposition agents prevent fabric greying.
- **Low-Temp Use:** Efficient even at ambient (low) temperatures providing energy costs savings.
- **Closed Loop Dispensing:** this innovative dispensing system means that staff never come in contact with the concentrate chemical.

Concentrate

Applications

Suited for use in all domestic and commercial automatic washing machines. Excellent for use in aged care and community facilities, clinics, hospitals, hotels, motels, clubs, pubs, restaurants, etc.

Ingredients

<10% sodium carbonate, <10% sodium lauryl ether sulfate, <10% proprietary surfactant A, <10% proprietary surfactant B, <10% chelating agent.

Storage

Keep only in original container. Keep container tightly sealed.

Direction Of Use

Optimum results are obtained between 30°C and 55°C. Can be used at 20°C and avoid using over 65°C. Lightly soiled fabrics: Use 8g per Kg of washing. Heavily soiled fabrics: Use 30g per Kg of washing. Soaking: Add 20g-40g in 5 litre warm water and soak soiled fabrics for 2-3 hours. Follow machine manufacturer's directions for cleaning procedures.

Poisons Information Centre

Australia 131 126; New Zealand 0800 764 766. Additional information is listed in the safety data sheet.

Health and Safety Information

DANGER. Causes skin irritation. Causes serious eye damage. May be corrosive to metals. Wear protective gloves / protective clothing / eye protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek immediate medical advice/attention.

IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical advice/attention.
